D - Type Anchor

- ◆ High holding power anchor
- ◆ Has a unique shank profile and ballasted tip to make it self-launching
- ◆ Low centre of gravity provides a self-righting ability which helps it set in most types of bottom
- ◆ Eye for trip line
- ◆ Stows easily on a bow roller

Grip High-tensile Anchor

- ◆ Fast setting in the hardest of sea beds thanks to sharp flukes
- ◆ High-tensile shank cast in one piece for strong lateral pull performance
- ◆ Right angle shank pivot angles flukes downward to dig in on sea bed
- ◆ One of the most popular designs of anchor in France and the UK
- ◆ Flat design makes for easy stowing when not in use

Weight kg	Boat length m	Chain size mm	Material	Format	Barcode	Part No:

NOTE: Boat and chain size information should only to be used as a guide. Boat weight and anchor winch gypsy size also need consideration.

Weighted End Grapnel Anchor

- ◆ Weighted end improves holding power
- ◆ Fold down flukes allow compact storage
- ◆ Flukes lock open by engaging bayonet collar at base of shaft
- ◆ Eye for trip line
- ◆ Popular for small day boats, tenders, sailing dinghies and fishing kayaks

- Unique, superior quality fenders
- Exclusive Italian design and patterned boat fenders
- Made from flexible integral skin foam technology
- Unrivalled shock absorption and life performance
- Cannot deflate!

Heavy Duty Cylindrical Fender

- ◆ Made from plastisol PVC with rotational moulding procedure
- ◆ UV resistant
- ◆ Made as one piece with no joins and consistent wall thickness
- ◆ Simple valve makes for easy inflation
- ◆ Suitable for any kind of boat from 10 - 50ft
- ◆ Inflation pressure: 2.1lbs / 0.15bar at 68°F / 20°C

Flushmount Safety Rope Ladder

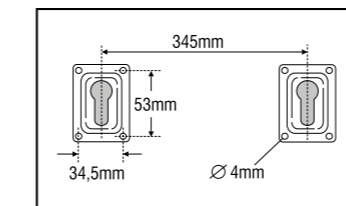

- ◆ Suitable for frequent use or in man overboard situation
- ◆ Can be used unaided from the water
- ◆ Light with easy flush mount, like a thru-hull fitting
- ◆ Transom or skirt mount, just above the waterline
- ◆ Ladder neatly stores in mounting tube with cap
- ◆ Kits contains: 3 polypropylene steps, 1 stainless steel handle, held together with yellow polypropylene line

Description / Type	Dimensions: cm step width x overall length	Format	Barcode	Part No:
3 step safety ladder	13.5 x 110	Euroslot Carded	5056228216124	AQM010038

Aluminium Ladder

- ◆ Ideal for boats of any kind
- ◆ Ensures safe boarding and disembarking
- ◆ Made of 25mm marine grade anodised aluminium tubing
- ◆ Non-slip polypropylene steps
- ◆ Supplied with two stand-off feet to suit contours of most hulls
- ◆ Hooks fold flat for easy storage

Type	Dia: cm H x W	Weight: g	Format	Barcode	Part No:
2 step	55 x 35	950	With ID Sticker	5056228218227	AQM044002

Bainbridge Sail Shackle

- ◆ To be used with Bainbridge sail slides
- ◆ In anti-jamming plastic
- ◆ Designed for ease of use, high strength and able to absorb shock loads
- ◆ Screw attachment is the strongest and allows for easy detachment and re-attachment
- ◆ AQMA035BK specifically designed for connecting regular and allslip slides to full batten sails including Sailman 3000 systems

Allslip Low Friction Slide

- ◆ Seven profiles to fit most modern spars
- ◆ Precision moulded from glass fibre reinforced plastic with a PTFE impregnation
- ◆ Integral compression pad transfers loads on to aft face of spar
- ◆ AQMA114 is designed for use in Selden sections fitted with flush gates

Ventilator Connector and Cover

- ◆ Manufactured from polypropylene
- ◆ Made to support hose along bulkhead
- ◆ Louvred to ensure ventilation but prevents heavy water ingress
- ◆ Quick and easy installation:
- ◆ Drill a $\varnothing 76.2$ mm hole. Notches ensure the perfect hold of the adapter in the bulkhead. Secure the adapter with 4 x M4 screws and sealant for waterproofness (compatible with most common sealants). Clip a louvred vent if necessary: moulded-in ribs contribute to the vent's secured position. Fit the hose on the adapter. Two lugs hold the hose, while waiting to be secured with stainless steel hose clips (not supplied).

Manual vent	20	White	Euroslot Carded	5056228217541	AQM021032

Solar Vent

- ◆ Provides mechanical ventilation utilising solar energy
- ◆ Solar panel activates fan, allowing air flow
- ◆ Autonomous vents detect water flow from waves and rain
- ◆ Special balls inside vents are pushed by the water to shut ventilation holes and ensure impermeability
- ◆ Two functions; 1. Activates solar function, 2. Modifies fan's function from clockwise to counter clockwise.

Description	Diameter: mm	Colour	Format	Barcode	Part No:
Manual vent	20	White	Euroslot Carded	5056228217534	AQM021031

'24 Hour' Vent

- ◆ Completely automatic, using solar energy on sunny days and batteries, during the night.
- ◆ Forced ventilation controlled through dynamic impeller: clockwise for inflow and counter clockwise to exhaust air
- ◆ User adjusts vent on corresponding function through on/off switches
- ◆ Active air movement absorbs moisture and refreshes the interior
- ◆ Special balls inside vents are pushed by the water to shut ventilation holes and ensure impermeability

Description	Diameter: mm	Colour	Format	Barcode	Part No:
'24 Hour' vent	20	White	Euroslot Carded	5056228217558	AQM021035

Transom Pad - Plastic

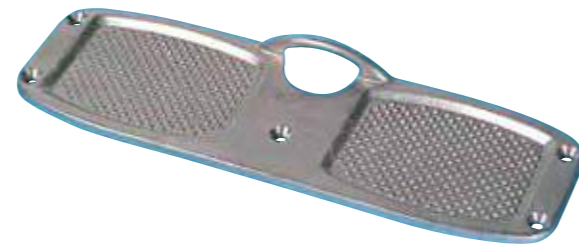

- ◆ Offers protection against outboard clamp damage
- ◆ Avoids scratching and marking on transoms
- ◆ Helps to absorb engine vibration
- ◆ Great for reinforcing transoms on dinghies
- ◆ Made from rigid plastic, textured surface to reduce slipping of outboard clamp bolts

Type	Dimensions	Colour	Material	Barcode	Part No:
Small	85 H x 197 L mm	Black	UV resistant polypropylene	5056228211082	AQM50200
Small	85 H x 197 L mm	White	UV resistant polypropylene	5056228211105	AQM51200

Transom Pad - Aluminium

- ◆ Offers protection against outboard clamp damage
- ◆ Avoids scratching and marking on transoms
- ◆ Helps to absorb engine vibration
- ◆ Great for reinforcing transoms on dinghies
- ◆ Made from cast aluminium
- ◆ Features safety ring for engine cable

Type	Dimensions	Colour	Material	Barcode	Part No:
Alloy finish	100 H x 317 L mm	Grey	Alloy	5056228214830	AQM002511

Rail Mounted Outboard Bracket

- ◆ Ideal for permanently mounting outboard on the stern rail
- ◆ Made of rigid, non-slip UV resistant plastic
- ◆ Bracket provides secure and stable mount for engine
- ◆ Designed to fit 25mm diameter rails

Description	Colour	Overall Dimensions: mm W x H x D	Format	Barcode	Part No:
Rail mount	White	228 x 150 x 46	Euroslot Carded	5056228218128	AQM036981

Outboard Transom Pad

- ◆ Offering protection against outboard clamp damage
- ◆ Ideal for most sized transoms
- ◆ Pad made of rigid UV stabilised polypropylene
- ◆ Non-slip surface for secure engine mounting

Description	Colour	Overall Dimensions: mm W x H x D	Format	Barcode	Part No:

Motor Splashwell Conduit System

♦ Designed for use as a 3 part system, this enables really neat installations to be made and allows cables, wires and hoses to be hidden from sight in a really neat convoluted tube. This tube allows flex and free movement as the outboard is steered. Tube is designed to screw into the transom socket and then is cut to length with the rubber reducer slipped on the end of the tube

♦ Supplied in individual parts and as a kit

Cables coming soon!

Battery Boxes & Holders

- ◆ Restrains battery movement
- ◆ Collects battery acid
- ◆ Made of polypropylene
- ◆ Acid, UV and heat resistant
- ◆ Side handles to facilitate transportation
- ◆ Lift-off lid for unobstructed inspection
- ◆ Cable ports for untangled, safe cables
- ◆ Mounting equipment: Includes durable hold-down fastening strap and foot clamps that secure the strap onto the supporting surface (screws not included)

Tips to choose the best fit for your battery:

Ideally, choose the internal dimensions to be equal or slightly larger than your battery

Use a spacer where it is needed to prevent the battery from moving within the box

Remember to include the height of the terminals while measuring the battery

Diablo Smart Tank

- ◆ Made of recyclable HDPE material
- ◆ Complies with international standards
- ◆ Can be used for fuels such as gasoline, diesel, ethanol, alternative fuels and organic vegetable oils
- ◆ Easy Switch hatch, can be purchased separately based on the use of the tank, and manually interchangeable.
- ◆ Secured and seated by rotation of the hatch and is held in place by a locking pin, preventing it coming lose
- ◆ To clean tank just lift locking pin and remove hatch by unscrewing it
- ◆ Easy to wash

Hulk Portable Fuel Tank

- ◆ Made from red odour-free polyethylene
- ◆ Avoids rust and has longer life than equivalent metal tank
- ◆ Robust rotationally moulded makes tank corrosive free
- ◆ Strong but lightweight, will not crack or dent
- ◆ Compliant with international standards
- ◆ Supplied with vented cap and seal
- ◆ Ø8mm outlet with filter

Description	Capacity: L	Length: mm	Width: mm	Height: mm	Format	Barcode	Part No:
Without fuel gauge	12	410	260	195	With ID Sticker	5056228217220	AQM018212
With fuel gauge	22	460	305	265	With ID Sticker	5056228217237	AQM018222
With fuel gauge	30	510	360	270	With ID Sticker	5056228217244	AQM018230

Portable Fuel Tank with Filler

- ◆ Made from red odour-free polyethylene
- ◆ Avoids rust and has longer life than equivalent metal tank
- ◆ For storage of diesel or petrol
- ◆ Suitable for transport of fuel or hook up to outboard engine
- ◆ Compliant with international standards
- ◆ Supplied with vented cap and seal
- ◆ Ø8mm outlet with filter

Description	Capacity: L	Length: mm	Width: mm	Height: mm	Format	Barcode	Part No:
With filter	10	330	245	135	With ID Sticker	5056228217206	AQM018110
With gauge & filter	25	440	295	210	With ID Sticker	5056228217213	AQM018125

Fuel Line Adaptor for Jerry Cans

- ◆ Quick, safe, practical
- ◆ Ideal for direct supply of fuel to engines and generators
- ◆ Saves additional refuelling by transferring one tank to another
- ◆ Screws in place of the cap on the Jerry can - barb connection for outboard fuel line
- ◆ Hazard-free fuelling

Suitable for:	Material	Format	Barcode	Part No
5, 10 & 20 litre jerry cans	Nylon	Header & Bag	5056228214663	AQM012602

Sump Pump

- ◆ Brass body
- ◆ Nitrile rubber components
- ◆ For hand pumping

Outboard Propeller Bags

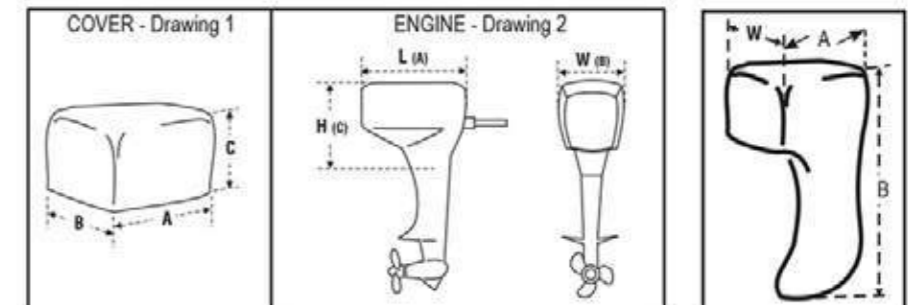

- ◆ A legal requirement for anyone towing a boat on the UK highway
- ◆ Boat propellers must be covered by a bag which is made of a reinforced material and provide long service life
- ◆ AquaMarine propeller bags feature a special wavelock material to reinforce them
- ◆ Made from hi-visibility material, they feature a drawstring to keep them in place and a drain outlet
- ◆ They provide protection for the propeller when not in use and the hi-vis colour makes it less likely you will bang into the prop and cut / hurt yourself

Model	For Engine Size	Dimensions mm	Material	Format	Barcode	Part No:

Outboard Engine Covers

- ◆ Ideal for protection against water, sun and dust
- ◆ Made of extra strong 420D Polyester, 0.15mm thick
- ◆ Provides maximum water resistance and UV protection
- ◆ Suitable for most types of outboard engines, from 2 to 300HP
- ◆ Two different types available
- ◆ Top covers feature elastic cord all around for ideal fit to most types of outboard engines
- ◆ Full body covers feature elastic cord and zipper to ensure best possible engine protection, including shaft
- ◆ Note: Horsepower given is approximate and is not only factor to be taken into consideration

Environmental Electronic Level Switch - E.E.L.S.

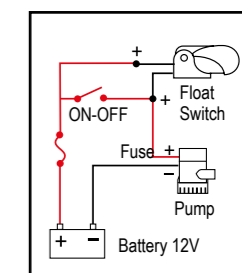

- ◆ Can be used with any bilge pump up to 20A
- ◆ Operates with an electronic sensor instead of the air pressure or any moving parts
- ◆ Designed to sense the water level with great precision and accuracy
- ◆ E.E.L.S is environmentally friendly as it operates only when it senses water keeping oil and fuel spills in the bilge
- ◆ It has insulated electrical contacts
- ◆ Casing from durable Nylon and ABS plastic
- ◆ 100% impermeability to water

Description	Amps	Voltage	Connection to main circuit	Format	Barcode	Part No:
Level Switch	20	12	Inline	Header & Bag	5056228217350	AQM018522

Automatic Float Switch

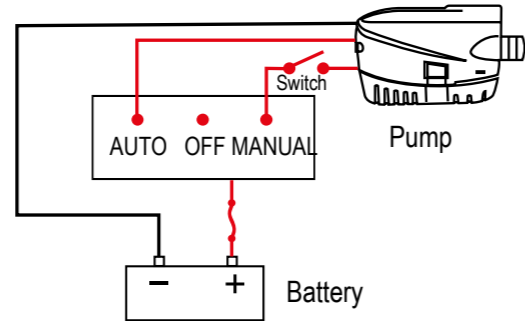

- ◆ Designed for the automatic control of electrically driven bilge pumps
- ◆ Designed with a reliable rolling-ball and switch system that prevents rapid on/off cycling
- ◆ Safer than mercury switches
- ◆ When water lifts chamber buoy up 6cm, the switch automatically turns the bilge pump on until bilge is empty
- ◆ Switch has a plastic housing

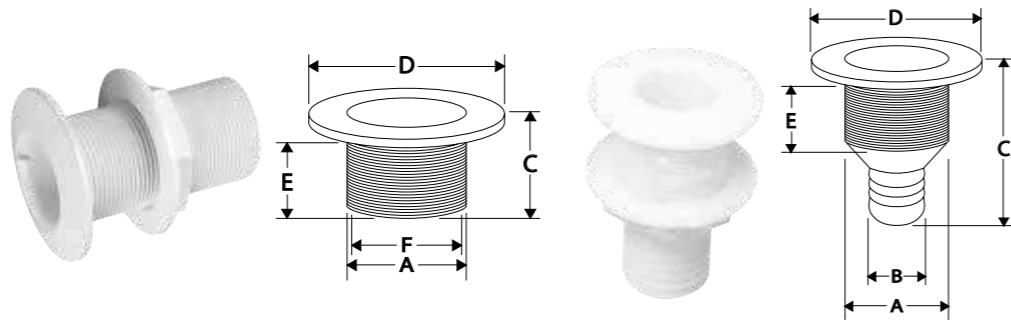

Description	Voltage	Fuse	Dimensions: mm L x W x H	Format	Barcode	Part No:
Float Switch	12/24	15A	110 x 7 x 6.5	Header & Bag	5056228217367	AQM018526

Shower Sump System

- ◆ Designed for use on boats with built-in sink, shower or bath
- ◆ LSU 600 will pump all water out of drain and into tank
- ◆ Compact and can be mounted on floor or wall
- ◆ The built-in automatic bilge pump will start operating when float switch senses water
- ◆ Features a filter and a non-return valve at outlet hose
- ◆ 3 inlet hoses and 1 outlet hose

SLX Superflat Cassette Hose

- ◆ Compact for convenient space -saving storage
- ◆ Highly flexible
- ◆ Lightweight and easy to use
- ◆ Easily drained when stowing
- ◆ Compatible with most leading brands of garden hose fittings
- ◆ Silicone-free
- ◆ Made from Cadmium-free materials
- ◆ Supplied with deluxe quick-release fittings - universal tap connector and adjustable spray nozzle
- ◆ RoHS 3 compliant

Suction & Delivery Hose Transparent Green

- ◆ Lightweight construction for easy handling
- ◆ Optimum flow is maintained by the smooth bore
- ◆ Tough, flexible and extremely durable
- ◆ Retains flexibility, even in cold weather
- ◆ Outstanding resistance to the effects of weather
- ◆ Excellent chemical and abrasion resistance
- ◆ RoHS 3 – restriction of hazardous substances – compliant

Sanitation Hose White

- ◆ Odour resistant for sanitation purposes
- ◆ Tough flexible and extremely durable
- ◆ Minimum frictional loss is achieved by the smooth bore
- ◆ UV stabilised
- ◆ Excellent chemical and abrasion resistance
- ◆ Hose is resistant to most cleaning chemicals and detergents
- ◆ Flexibility maintained - even under cold weather conditions
- ◆ Suitable for delivery and suction of cleaning chemicals within seawater boats
- ◆ Flat outer profile for easy cleaning
- ◆ RoHS 3 compliant

Multi Layered Food Quality Hose

- ◆ Will not support microbiological growth
- ◆ WRAS approved construction
- ◆ Cadmium and silicone - free
- ◆ Manufactured using a unique ultra-hygenic heat bonding technology which eradicates the need for chemicals
- ◆ High quality PVC outer extruded with brilliant white 'clinical' finish
- ◆ TPE mirror smooth inner for improved flow
- ◆ Odourless and taint free specialist materials
- ◆ Good flexibility and durability
- ◆ Excellent resistance to abrasion
- ◆ Specially selected high tensile Polyester fibre reinforcement
- ◆ Good kink resistance across a wide temperature range
- ◆ Independently tested in accordance with BS 6920
- ◆ Laser printed for clarity and cleanliness
- ◆ BS 6920 – assessments for suitability of non-metallic materials to ensure integrity of the material
- ◆ RoHS 3 – restriction of hazardous substances - compliant

Braided PVC Food Hose

- ◆ Clear versions offer excellent glass transparency for clear visibility
- ◆ Also offered in solid red and solid blue colours for Hot/Cold ID in installations
- ◆ Good flexibility for ease of use
- ◆ Resistant to a wide range of chemicals including many acids/alkalis
- ◆ Abrasion resistant. Thicker wall gives medium to heavy duty durability for improved resistance to abrasion
- ◆ Specially selected high tensile Polyester fibre reinforcement creates an effective and balanced pressure hose
- ◆ Manufactured from cadmium and silicone-free materials, using a specialist PVC that can reduce the taint of drinking water
- ◆ Manufactured in accordance with ISO 5774
- ◆ 4:1 safety factor
- ◆ EU no. 10/2011 – compliant for food contact applications
- ◆ RoHS 3 – restriction of hazardous substances – compliant
- ◆ NSF51 & NSF61 – approval for transfer of drinking water

Clear PVC Food Hose

- ◆ Glass clear transparency for easy visibility
- ◆ Excellent abrasion and corrosion resistant properties for increased durability
- ◆ Good flexibility for ease of use
- ◆ Manufactured from cadmium and silicone-free materials using a special low toxic, odourless PVC formulation that can reduce the taint of drinking water
- ◆ Suitable for use with alcohol, petrol, oils, greases and solvents
- ◆ Highly resistant to a wide range of acids and alkalis
- ◆ Service temperature -15°C to +60°C
- ◆ EU no. 10/2011 – compliant for food contact applications
- ◆ RoHS 3 – restriction of hazardous substances – compliant
- ◆ NSF51 & NSF61 – approval for transfer of drinking water

Neptune 4500 Series

- ◆ A 450mm marine cooker, designed and manufactured in the UK
- ◆ Features: hob, grill and oven with integrated gimballs and searails
- ◆ Flame failure device on all burners
- ◆ 3KW fast burner standard on all hobs
- ◆ Supplied with grill pan
- ◆ Stainless steel construction 4500 & 4500 Deluxe, stainless steel front, top and fascia – 4500E
- ◆ Vitreous enamelled oven interior for easy cleaning
- ◆ Thermostat controlled oven
- ◆ Spark ignition on all burners (except 4500E model)
- ◆ Stainless steel door with window
- ◆ Awarded PBO Best Buy

Atlantic 4500

- ◆ Oven volume: 19 litres
- ◆ Incorporates an internal grill within oven and 2 burner stove with safety valve
- ◆ Searails and gimbal kits included
- ◆ Easy to use handles for carrying or moving
- ◆ Four feet if placed on a surface rather than mounted on gimbals
- ◆ Secure oven door lock
- ◆ Easy to read oven temperature gauge

Description	Dimensions: cm W x D x H	Weight: kg	Barcode	Part No
2 burner hob with oven and internal grill	45 x 31.5 x 48.5	17.5	5056228221500	AQM60208

Ceramic Hobs 2 - 4 Zone

- ◆ Our stylish range of ceramic glass electric hobs and griddles are ideal for luxury vessels with their own AC voltage supply
- ◆ Available in 230v & 100v with a range of heating options including Induction
- ◆ Sleek, modern look for premium galleys
- ◆ Vitroceramic glass makes for easy cleaning
- ◆ Hot hob indicator safety feature
- ◆ Rotary control knobs offer simple ease of use
- ◆ Touch panels offer a flush, unobstructed surface and additional safety lock and slide control

Model	Voltage	Control	Hobs / Zones	Length mm	Width mm	Depth mm	Part No
Ceramic hob 2	230V AC	Rotary knob	2 x 1200watt	490	260	45	LE49463
